## HIGH PRESSURE WATER JET CLEANING

# DERC Dump Guns

DERC Salotech offers a wide range of High Pressure Jetting Guns with mechanical bypass. We now offer new guns with ergonomic design, light weight and more flexibility for the operator. These new DERC Dump Guns are ergonomic, custom made and fit with your operators demands.

This dump gun is designed and constructed for high pressure water jet cleaning in marine applications, general water jetting, surface preparation, hydro demolition, heat exchanger cleaning and tube bundle cleaning. When the dump gun is deactivated the water is dumped by the dump valve.
